0:00

good day

0:02

my name is Dr gal Luft

0:05

for the past 20 years I've been the

0:07

co-director of the institutes for the

0:09

analysis of Global Security at

0:11

washington-based Think Tank focused on

0:13

energy security

0:15

for the past 15 years I've been a

0:17

resident of Israel

0:19

and for four years I was senior advisor

0:22

to the China Energy company CFC

0:25

at the same time of its dealings with

0:28

the Biden family

0:30

under normal circumstances I would be

0:33

testifying before Congress about my

0:36

experience with CFC

0:39

sadly due to circumstances I shall

0:42

describe here in this video

0:44

I am forced to tell you this story via

0:48

video

0:51

my ordeal goes back to a fatal decision

0:56

I made in March of 2019 to share with

1:00

the US government my knowledge about the

1:02

Biden family's relations with CFC

1:05

as I said it was in March of

1:08

2019 in a two-day session at the U.S

1:13

Embassy in Brussels

1:15

I insisted that the meeting take place

1:18

in March because at the time there were

1:20

rumors that Joe Biden was planning to

1:22

run for president

1:23

I saw it as my civic duty to alert the

1:26

government beforehand and give it enough

1:29

time to probe the issue

1:32

I want to be clear I'm not a republican

1:34

I'm not a Democrat I have no political

1:37

motive or agenda

1:39

I did it out of deep concern

1:42

that if the bidens were to come to power

1:45

the country would be facing the same

1:47

traumatic Russia collusion scandal only

1:51

this time it was China

1:53

sadly because of the doj's cover-up

1:58

this is exactly what happened

2:02

the doj sent to Brussels a delegation of

2:06

six people

2:09

two prosecutors from the southern

2:11

district of New York by the names of

2:13

Daniel reichenthal and Catherine gauche

2:17

and four FBI agents

2:20

one of them was special agent Joshua

2:24

Wilson from the Baltimore Field office

2:26

which also happens to cover the state of

2:29

Delaware

2:32

now you want to ask yourself why did the

2:34

government

2:35

dispatch to Europe so many people

2:38

why six why not two

2:41

the answer is that they knew very well

2:43

that I'm a credible Witness

2:47

and that I have Insider knowledge about

2:49

the group and the individuals that

2:52

enriched the Biden family

2:56

over an intensive two years to day

2:59

meeting

3:00

I shared my information about the Biden

3:03

families Financial transactions with CFC

3:06

including specific dollar figures

3:10

I also provided the name of Rob Walker

3:13

who later became known as Hunter Biden's

3:16

bagman

3:18

yet as we now know today from The

3:22

Whistleblower testimony

3:24

uh Gary shapley it took the doj a whole

3:28

21 month to probe the issue and to

3:31

actually talk to Walker

3:34

but perhaps the most alarming

3:36

information I revealed was of a mall

3:39

within the doj who shared classified

3:42

information with Hunter Biden and his

3:44

Chinese partners

3:46

I told the doj that Hunter was closely

3:49

associated with a very senior retired

3:51

retired FBI official

3:54

who had distinct physical characteristic

3:56

he had one eye

3:59

one of the FBI agents at the time

4:02

even told me you know that would be very

4:06

easy for us to find there aren't that

4:07

many one-eyed people in the bureau

4:13

the information I provided the FBI in

4:16

March of 2019 was fully corroborated

4:19

nine months later

4:21

when the famous laptop belonging to

4:24

Hunter Biden which contained all the

4:26

emails and receipts

4:28

was handed to the FBI

4:30

and guess who seized the laptop from the

4:33

computer repair shop

4:36

it was special agent Joshua Wilson

4:40

who was with me in Brussels earlier

4:45

in other words the FBI knew about

4:48

from me about the Biden CFC deals before

4:52

they got hold of the laptop way before

4:56

they had enough time to investigate the

4:59

issue but they didn't

5:02

after Brussels I never heard back from

5:05

the doj but instead of showing

5:07

appreciation for my whistleblowing I

5:10

became Public Enemy Number One

5:13

over the past four years that followed

5:15

me my family my friends my associates

5:19

we're all harassed intimidated and

5:21

finally I was prosecuted

5:25

despite all that

5:27

on the eve of the 2020 elections

5:30

I sent my lawyer to Washington to meet

5:33

with them

5:34

acting Deputy attorney general Mr

5:38

Richard Donahue

5:40

to ensure he was informed about the

5:42

information I had given his Department

5:43

in Brussels 19 months earlier

5:47

and also to warn him that there may

5:50

still be a mail within the doj

5:54

Mr Donahue confirmed to my lawyer that

5:56

he was aware of my claims but now we

5:58

learn from the IRS whistleblower that it

6:01

was rich Donohue himself who suspended

6:03

the investigation a few weeks earlier

6:06

on September 4th 2020

6:10

on the ground that it was quote too

6:13

close to the elections

6:16

finally in February this year I was

6:18

arrested in Cyprus

6:20

on an extradition request from the

6:22

southern district of New York the very

6:24

same office that met with me in Brussels

6:29

the seven County Dyckman said I violated

6:32

the export arms export Control Act and

6:35

if I convicted I would face up to 100

6:38

years in prison

6:41

while I was detained in Cyprus I was

6:43

portrayed in the international media as

6:45

an arms dealer even though I never

6:46

traded the bullet in my entire life

6:49

in fact nowhere in my indictment the doj

6:52

claimed or presented the evidence that I

6:54

bought sold shipped or financed any

6:56

weapons

6:58

I was also charged with acting as an

7:01

unregistered agent of CFC which is a far

7:04

out violation

7:06

the doj says that I caused the payment

7:08

of six thousand dollars a month to

7:11

former CIA director James Woolsey

7:15

um in order to put his name on an

7:18

article I had ghost written for the

7:21

China Daily newspaper

7:24

nor in the indictment the DOJ mentioned

7:26

the well-known fact that Mr. Woolsey had

7:28

been an advisor to my Think Tank

7:32

since 2002

7:35

and that there was nothing in the

7:38

article that represented a Chinese

7:41

interest to the contrary

7:43

the notion that I got Luft

7:46

spoon fed a CIA director with policy

7:51

proposals on China

7:52

treating him like a useful idiot

7:55

is not only an insult to the

7:58

intelligence community it is an insult

8:01

to the intelligence of every American

8:05

U.S government claims that I acted on

8:07

behalf of CFC and therefore I'm a

8:10

foreign agent but let me tell you a

8:11

little secret

8:13

the same CFC that the US government

8:16

claims was associated with the Chinese

8:18

intelligence and quote an international

8:21

criminal organization

8:23

was a 501c3 charitable organization

8:27

registered in the state of Virginia and

8:30

approved by the IRS

8:32

the same organization was also a major

8:34

donor to the Clinton foundation and

8:36

Columbia University

8:38

needless to say that none of their

8:40

executives

8:41

were charged for any wrongdoing

8:45

if CFC was indeed a foreign entity tied

8:48

so closely to the PRC

8:50

why was it allowed to operate freely as

8:53

a public charity

8:55

why did the government expose taxpayers

8:58

to the risk of funding an entity knew at

9:00

the time was so compromised

9:03

why did they did they not warn anybody

9:07

isn't the role of government to protect

9:09

its people

9:11

I'm also being charged for making a

9:13

false statement in Brussels

9:15

but why was I in Brussels to begin with

9:18

without was I there to eat Belgian

9:21

waffles

9:22

the doj charged me for making a

9:25

statement in a voluntary meeting that

9:27

would have never come to Bear if not for

9:30

my good citizenship

9:34

so let me propose an idea

9:37

why won't the doj make my indictment

9:39

public

9:40

Do It Make My Day put it on your website

9:44

so that every American can see the

9:47

nature of the allegations against me the

9:49

quality of the evidence

9:51

and the length the government is willing

9:53

to go to weaponize the justice system

9:56

to punish whistleblowers like me

10:00

I have another idea

10:02

why won't the FBI submit to Congress the

10:06

minutes

10:07

from the Brussels meeting

10:10

let everybody see what happened in

10:11

Brussels

10:13

why not

10:15

are you trying to protect anything are

10:17

you trying to protect anybody

10:21

I also hope that the doj can explain why

10:24

they targeted me in Cyprus and not in my

10:26

home country of Israel where I reside

10:28

most of the time

10:31

after all the U.S shares a bilateral

10:33

Expedition treaty with Israel

10:36

so if any of my crimes are real and

10:38

serious and this is not just political

10:41

prosecution

10:42

why did the U.S need to sneak up on me

10:46

during a short visit of Cyprus

10:49

do they now trust the Israeli judicial

10:52

system

10:54

to judge this issue on its merits what's

10:57

going on here

11:00

also why did the doj wait six whole

11:02

years well beyond the statute of

11:05

limitation

11:07

to indict me

11:09

and why did the doj choose to unseal to

11:13

the indictment on November 1st

11:17

2022 the very same week of the midterm

11:21

elections

11:22

could this have anything to do with the

11:24

fact or the fear that once Republicans

11:26

gain control over Congress and begin to

11:28

investigate

11:29

their cover-up would be in full display

11:33

and perhaps the biggest question of all

11:36

why am I being indicted for pharah for a

11:39

ghost writing an innocuous article for

11:42

which I received no payment let alone

11:43

from a foreign government

11:45

when the mother of all pharah cases the

11:48

Biden systemic influence peddling on

11:51

behalf of foreign governments for which

11:52

they wrecked Millions goes unpunished

11:59

this is in a nutshell why I decided to

12:02

act the way I did

12:05

because

12:07

I do not have faith

12:10

uh that I would receive a fair trial in

12:14

a New York Court

12:16

let me tell you why

12:19

CFC Secretary General Dr Patrick ho who

12:22

paid Hunter Biden a million dollars for

12:25

God knows what

12:27

was not allowed to mention the word

12:29

Biden before the jury when he was tried

12:31

in New York in 2018.

12:35

the very same prosecutor who is now

12:37

after me Daniel reichenthal

12:40

told the judge at the time that

12:42

mentioning the name Biden

12:44

would quote add a political Dimension to

12:48

the case and the judge agreed

12:50

which means that if I'm ever brought

12:52

before a U.S court

12:54

I would not be allowed to after the word

12:56

Brussels or Biden

13:00

and the real context of my arrest me

13:03

being patient zero of the Biden family

13:05

investigation

13:06

would be hidden from the jury

13:11

let it sink in

13:13

I who volunteered to inform the US

13:16

government about potential security

13:18

breach and about compromising

13:20

information about a man vying to be the

13:23

next president

13:24

am now being hunted by the very same

13:27

people whom I informed

13:29

and may have to live on the Run for the

13:32

rest of my life

13:35

I

13:36

warned the government about potential

13:38

risk to the Integrity of the 2020

13:40

elections

13:42

if convicted by a U.S court

13:44

would never be able to vote again in the

13:47

U.S elections

13:49

just think about it and ask yourself

13:52

who is a real criminal in this story

13:55

thank you for listening

Description Section:

The “missing witness” from the Biden corruption investigation, Israeli professor Dr. Gal Luft, has laid out his bribery allegations against the president’s family in an extraordinary video filmed in an undisclosed location while he’s on the run.

In the 14-minute recording, obtained exclusively by The Post, the fugitive former Israeli army officer claims he was arrested in Cyprus to stop him from testifying to the House Oversight Committee that the Biden family received payments from individuals with alleged ties to Chinese military intelligence and that they had an FBI mole who shared classified information with their benefactors from the China-controlled energy company CEFC.

The self-proclaimed fall guy says he provided the incriminating evidence to six officials from the FBI and the Department of Justice in a secret meeting in Brussels in March 2019 — but alleges that it was covered up.

“I, who volunteered to inform the US government about a potential security breach and about compromising information about a man vying to be the next president, am now being hunted by the very same people who I informed — and may have to live on the run for the rest of my life on the run ...”

“I’m not a Republican. I’m not a Democrat. I have no political motive or agenda ... I did it out of deep concern that if the Bidens were to come to power, the country would be facing the same traumatic Russia collusion scandal — only this time with China. Sadly, because of the DOJ’s cover-up, this is exactly what happened ...”
